

# ASIAN PARTICIPANTS WANTED

## Get paid \$25 to try on eyewear & give feedback

---

**Thursday March 24th all day at the Best Western Ville Marie, 3407 Peel**

---

Revision Military is a Montreal-based company that designs, tests and manufactures ballistic eyewear worn by military personnel around the world. Revision eyewear has superior optics, proven protection and rugged durability. We are focused on understanding end-user needs.

Currently we are designing an Asian-fit ballistic spectacle and we are seeking Asian Test Participants to give feedback on the fit of prototype designs. Test Participants will be asked to spend 60 minutes with Revision's Design Team trying on different spectacles and giving feedback. In appreciation of their time, participants will be paid \$25.

This assessment is happening on Thursday March 24th in a conference room at the Best Western Ville Marie, 3407 Peel Street (Montreal) at the corner of Peel and Sherbrooke.

If you are interested in participating in this assessment, please contact Lindsay Slater to schedule an appointment.
