To Whom It May Concern:

This letter confirms that Lixin Liu is a participant in The Leukemia & Lymphoma Society of Canada's (formerly Leukemia Research Fund of Canada) Team In Training program and is authorized to collect donations from the general public in support of this fundraising campaign.

Funds raised through Team In Training supports The Society's mission to cure leukemia, lymphoma, Hodgkin's disease and myeloma and to improve the quality of life for patients and their families. Through a rigorous application process, the Society awards Canadian scientists with research grants and post-doctoral fellowships. The Society also encourages new scientists by awarding summer studentships to promising new researchers from Canadian universities.

Your donation will help support the necessary research, advocacy and patient services needed by so many.

If you have any questions, please contact:
Olivia Woerly (Fund Development Manager - Montreal)
