

FOR AN EQUITABLE FINANCING OF THE REGIONAL OVERPASS

Do you want to finance a \$47 million loan with your municipal taxes?

After deferring, on the same day and without a valid reason, the register to say "NO" to the current financing method, Mayor Leduc and his team are attempting, once again, to impose a tax increase to build a regional infrastructure completely paid by the taxpayers of Brossard.

If you are against this tax hike, you can exercise your right to oppose the current funding of a **\$47 million loan** to build a **regional overpass**.

We need the financial support of the provincial government and of the Agglomération de Longueuil to build this overpass.

Despite the unexpected deferral of the register, the loan proposed by Mayor Leduc remains unchanged. The mayor says that he intends to sell land to pay for a portion of the overpass. This means that the city does not have the necessary funds on hand. He also says that he wants to utilize the accumulated surplus paid by you, when we could use it for other projects in our city. At this time, the city council has not yet authorized the use of our surplus funds for this purpose.
