

# **SIGN the register to say NO to a tax increase!**

**Mayor Leduc and his team want to impose a new special tax to build a regional infrastructure that is 100% paid by the taxpayers of Brossard.**

As citizens, we can exercise our rights to oppose this recently adopted by-law. This by-law authorizes the city of Brossard to **borrow up to \$47 million** to build a regional overpass without any financial support from the provincial government. We should not give a blank check to Mayor Leduc for this project.

Such a loan would mean that an average house would **pay at least \$1,750 more in municipal taxes** and that is unacceptable !

**If you want to stop this extravagant spending, join me and**

**sign the register**

**at City Hall**

**on February 27, 28 and March 1**

**between 9 AM till 7 PM**

(don't forget to bring a driver's license or a proof of residence or citizenship).

**Your signature is important to stop this tax.**

Make sure to inform all of your neighbors and friends who live in Brossard for them to sign this register as well.
